Power Your B2B Network

We power how businesses manage branded merchandise, uniforms, and promotional products with true on-demand company stores that remove inventory risk, protect brand consistency, and streamline ordering. Now you can turn your network into $1,000 simply by making an introduction.

How it Works

Earn $1,000 when you connect us with a qualified lead that results in a signed contract that spends at least $250k annually on branded merch, uniforms, or print.

No selling required - you introduce, we handle the rest.

Business Professionals: Agencies, vendors or complementary B2B service providers (e.g. design firms, event planners, suppliers) who aren't competitors.

Exclusions: Leads already in our pipeline. Must be U.S.-based (international considered on a case-by-case basis).
